“We need thousands of more couples serving in the missions of the Church. Every mission president pleads for them. Everywhere they serve, our couples bring a maturity to the work that no number of 19-year-olds, however good they are, can provide.”

*Elder Jeffrey R. Holland
General Conference, October 2011*

When prospective senior missionaries complete the Missionary Online Recommendation Forms, they are encouraged to indicate their interests and preferences regarding where and how they would like to serve. Please remember, assignments are made by the Lord through His ordained Apostles, and prospective missionaries should be willing to serve wherever and in whatever capacity they are called.

Information provided in the Senior Missionary Opportunities Bulletin relates to members living in Canada and the United States. Members in other parts of the world can use the Senior Missionary Opportunities Bulletin to get general ideas of missionary service opportunities and costs.

NOTE: For administrative purposes in this bulletin, the term bishop may refer also to branch president. The term stake president may refer also to district president. References to wards and stakes may also apply to branches, districts, and missions.

There is an urgent need for couples with very good health who speak French, Spanish or Portuguese. There is also a need for three couples who use ASL. If interested, please call 801-240-6741.

Recent policy changes for senior missionary couples:

- Couples can now serve a six-month mission (in addition to 12, 18, and 23 month missions).
- Couples can serve internationally for less than 18 months (either 6 or 12 months) if they pay their travel to and from the mission field.
- Couples will pay no more than \$1,400 per month for housing costs (rent, utilities, and furnishings). This **does not** mean that the total cost of the mission is only \$1,400 per month. Couples will still be responsible for transportation, food, and other personal expenses (see “Estimated Monthly Mission Costs” on pages 11-13).

Processing time:

Senior missionaries should receive their mission call four to six weeks after the stake president submits the Missionary Online Recommendation Forms to Church headquarters. If senior missionaries are assigned within their country of residence, they generally begin service one to two months after receiving their mission call. If they are assigned to serve in a foreign country, it may take up to six months to obtain passports and visas.

DEPARTMENT OPENINGS

MISSIONARY DEPARTMENT

Senior missionary couples may serve in member and leader support, visitors’ centers, mission offices, medical assignments, military relations, and more. Assignment locations and costs are shown on pages 11 through 13.

DOMESTIC MISSIONS

All missions within the United States and Canada need senior missionaries. There are many opportunities to serve full-time missions. Some missions can accommodate couples who want to live in their fifth-wheel trailer, travel trailer, or motor home.

FOREIGN MISSIONS

Foreign language skills are needed in many locations. Consideration of possible assignments may take into account languages previously learned as a missionary, even though some brush-up may be needed.

Whether or not a language is required, if you are going to a country where another language is spoken you may participate in one-on-one language-tutoring sessions. These sessions are available via Skype, telephone, and/or through an intensive immersion experience at the MTC. After entering the MTC, you will participate in three follow-up sessions.

Those serving in an English-speaking assignment in a foreign country may wish to learn some of the native language to

There is an immediate and ongoing need for MDs, DOs, RNs, PAs, NPs, and mental health counselors to advise mission presidents on missionary health. Assignments are available in Church areas worldwide. Live-at-home service is also available. Duties include teaching preventative health care to missionaries and contacting missionaries and mission presidents either in-person or by telephone.

Member and Leader Support (MLS)

Member and Leader Support is the senior missionary equivalent of the proselyting assignment normally filled by younger missionaries. Senior missionaries strengthen the Church throughout the world by teaching the gospel, retaining new converts, strengthening unit leadership, rescuing less-active members, and inspiring young single adults. Only couples may serve as member and leadership support missionaries.

Mission Offices

Mission office assignments include secretary to the mission president, financial secretary, apartment administrators, vehicle fleet administrators, and referral secretaries. Office missionaries also assist in retention and reactivation.

Senior Sisters (40+)

Senior sisters are needed to serve in the Family and Church History Headquarters Mission in Salt Lake City. There are also opportunities for senior sisters to serve in employment resource centers, mission offices, records preservation, medical assignments, and in other areas. Many of these positions require computer and office skills.

The only visitors' center assignments available to senior sisters are in Nauvoo, Illinois. These assignments are limited in number and begin in March of each year.

There are a few temple assignments for senior sisters in Washington, DC; Manhattan; and London. However, these openings are rare and only available periodically.

There are no humanitarian or proselyting assignments available for senior sisters.

Senior sisters are responsible for their own mission costs, which are roughly 65 percent of the amounts shown for couples on pages 11 - 13. Senior sisters may serve for 12, 18, or 23 months. Six-month assignments are not available for senior sisters.

AREA AUDITOR AND ASSISTANT AREA AUDITOR QUALIFICATIONS

Individuals who have served in leadership callings such as bishop, stake president, Area Seventy, temple president, or mission president are ideal for area auditor and assistant area auditor assignments. Basic computer skills are necessary. Financial work experience is helpful but not required. The Church Auditing Department will train missionary couples for these assignments prior to the couple entering the mission field.

AREA AUDITOR

An area auditor is called and assigned to each area of the Church. This assignment is sometimes filled by a missionary couple. The elder serves as the area auditor, and the sister assists him with his responsibilities. This is a wonderful opportunity for a missionary couple to serve the Lord by helping protect sacred Church funds.

The primary responsibility of the area auditor couple is to train and supervise assistant area auditors. This couple also helps ensure Church financial and auditing policies are implemented throughout the area. This is a 23 month assignment. An area auditor couple is needed in the Europe East Area (Moscow, Russia; foreign language capability is not required).

ASSISTANT AREA AUDITOR

Assistant area auditors are called and assigned to serve with coordinating councils throughout the Church. The primary responsibility of assistant area auditor couples is to train stake, district, ward, and branch priesthood leaders; stake audit committees; stake auditors; and clerks regarding their responsibilities for sacred Church funds. They also assist in the review and follow-up of stake, district, ward, and branch audits performed by stake and district auditors. Couples serve for at least 18 months.

Assistant area auditor couples are needed in the Europe East Area (Yerevan Armenia), Pacific Area (Tonga), and the Caribbean Area (Trinidad). Foreign language capability is not required.

Spiritually mature couples and senior sisters are needed to serve as temple missionaries in 63 operating temples around the world. Many countries do not have retirement systems that allow seniors to dedicate their time to temple work, thus the need for temple missionaries.

Very few temples in the United States and Canada rely on temple missionaries. They are staffed with local Church members, who are called and set apart as temple ordinance workers.

A small number of temples outside the United States and Canada use English as their primary ordinance language. An opportunity to serve in these temples is limited; however, there is a great need for senior couples to serve in non-English-speaking temples around the world.

Following is a list of the major languages used in temples, other than English, and the number of temples where they are used.

Language	Number of Temples
Spanish	30
Portuguese	7
French	10
Other	21

The “Other” category includes Cantonese, German, Italian, Japanese, Korean, Mandarin, Russian, Samoan, Swedish, Tahitian, Tongan, Ukrainian, and other languages.

In some circumstances, English-speaking temple missionaries may learn ordinances in another language and may serve in a non-English-speaking temple.

The China Teachers Program (CTP) is a nonprofit outreach program of the David M. Kennedy Center for International Studies at Brigham Young University. It was established in 1989 to provide seasoned American teachers to selected outstanding Chinese universities. Teachers are currently placed at 18 partner universities in nine cities throughout China. Teachers need to have a university degree, not necessarily in education, have some teaching experience, and be between 40 and 65 years old. Our teachers are educators and professionals who bring the wisdom and experience of their successful careers to their classes. Typical assignments are for one academic year, and most are asked to teach oral and written English. All teachers participate in a mandatory two-week, 100-hour, TEFL training program at the Kennedy Center prior to leaving for China. Additional information can be found online at kennedy.byu.edu/chinateachers or by calling 801-422-5321.

Follow the steps on the LDS Account site to create an account with a user name and password. You will need your membership record number, which is on your temple recommend and an Email address. (For couples, each spouse must register for an LDS Account.) Contact your stake technology specialist if you need help with this step.
5. When your LDS Account registration is complete, or if you already have an LDS account, type your user name and password on the Missionary Online Recommendation System sign-in page.
6. Click **Sign In**.
7. Complete each section in the candidate checklist.
8. Print out the medical and dental forms to be completed by your physician and dentist. You should not schedule your exams until you have completed your medical information in the system. **Live at home missionaries do not need to complete medical and dental forms or have exams.** Your stake president should call us at (801) 240-6856 for information about completing live at home missionary medical and dental forms.
9. Accept and sign the privacy and release of information agreement. (For couples, each spouse must sign in separately using their LDS user name and password and complete this step.) This is required before submitting your recommendation to your bishop.
10. Click **Submit Electronic Recommendation**.

Your bishop will forward the online forms to your stake president, who can submit them to the Missionary Department up to nine months before your availability date. Your call letter should arrive four to six weeks after your stake president submits your recommendation.

Your MTC date may be delayed by visa wait times, which are outside the control of the Missionary Department.
