

Quick Start Guide for Kawai CL26-LDS

PLAYING THE CL26-LDS

- To turn the power on, press the **POWER** button.
When power is first turned on, the Concert Grand Piano sound is active.
- To adjust the keyboard volume to the appropriate level, turn the **VOLUME** knob up or down. Then play any key or chord.
- Press the **SOUND SELECT** button to get an organ sound (Diapason). Press the **SOUND SELECT** button again to get a louder organ sound (Full Ensemble). Pressing the **SOUND SELECT** button repeatedly will cause the CL26-LDS to toggle among the three available sounds.

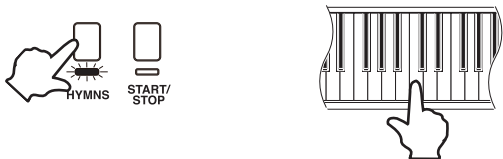

USING THE "HYMN PLAYER" FEATURE

The unique Hymn Player feature allows anyone—even those who lack keyboard skills—to play a selection of 88 favorite hymns and children's songs with just one finger.

- Selecting a Hymn or Children's Song
The hymns and children's songs are assigned to each of the 88 white and black keys in alphabetical order as listed to the right.

To make a selection, press and hold down the **HYMNS** button while pressing the key that corresponds to your desired hymn or children's song. The LED light on the **HYMNS** button will light when the Hymn Player feature is activated. The currently selected sound will be used with the Hymn Player feature unless you change it using the **SOUND SELECT** button.

- Playing Methods
Once you have selected a hymn or song, there are two different ways to play it using the Hymn Player feature:

AUTO PLAY: You can play any hymn or song automatically. Simply select a hymn/song as instructed above (making sure the **HYMNS** button is lit) and then press the **PLAY/STOP** button. The selected hymn/song will immediately begin to play. When it finishes, you can press the **PLAY/STOP** button again to repeat the hymn from the beginning.

METER PLAY: You can play a hymn or song by tapping any key on the CL26-LDS keyboard in "straight meter" (that is, with evenly spaced beats). The Hymn Player feature will provide the correct melody and accompaniment notes, regardless of which keys you press. Your tapping will control both the tempo and the volume of the hymn's playback. In essence, the Meter Play Method allows you to "conduct" the hymn or song.

After selecting a hymn, tap any key with even beats to start playing. When the hymn is finished, you can continue tapping to repeat the hymn from the beginning.

USING THE "PRELUDE MUSIC" FEATURE

The Prelude Music feature allows the CL26-LDS to play a preset sequence of hymns for prelude or postlude. To activate Prelude Music:

- Make sure the **LED light** on the **HYMNS** button is off. If it is currently on, press the **HYMNS** button again to turn it off.
- Press the **START/STOP** button to activate the Prelude Music.

The Diapason sound will be automatically selected and the hymn will play (Diapason is a fixed sound that cannot be changed for Prelude Music).

Each hymn will be played twice. Some hymns will change key the second time they are played. When the original randomly-selected hymn finishes, the next hymn in the preset sequence will play.

- Press the **START/STOP** button again to stop the Prelude Music at any time.

The list of pre-selected hymns included in the Prelude Music feature is found on the other side of this card.

HYMNS AND CHILDREN'S SONGS (in alphabetical order)

Number	Title	Key Number
166	Abide with Me!	A0
277	As I Search the Holy Scriptures	A#0

(Prelude Music will always play in this preset order and will begin at a random start point in the sequence.)

Thank you for purchasing a Kawai CL26-LDS Digital Piano.

This Quick-Start Guide is designed to be used with the CL26 Owner's Manual that accompanied your instrument. To begin operating your CL26-LDS quickly and safely, please observe the following steps:

1. SAFETY FIRST

Take a moment to study the "Important Safety Instructions" found on Pages 4 - 7 of the CL26 Owner's Manual.

2. STAND ASSEMBLY

Read the "Assembly Instructions" section on Pages 34 - 35.

3. BUTTON PANEL

Also take a moment to review the CL26 Owner's Manual section entitled "Part Names and Functions" (page 10). The drawing on this page will help you become familiar with the various control buttons on the CL26-LDS.

NOTE:

Specifications have been modified from the original CL26. The following buttons and features are not the same on the CL26-LDS:

- Demo – There are no Demo songs. The DEMO button has been changed to the START/STOP button.
- Sounds – Changed to three sounds (Concert Grand/Diapason/Full Ensemble)
- Concert Magic – Replaced with Hymn Player. CONCERT MAGIC button has been changed to the HYMNS button.

Please be aware of these changes when reading the standard Owner's Manual.
